\* Rankings for the ITC are based off of Battle Points and/or W/L/D rankings only.

\*\* ITC Faction is counted according to which faction in a player's army has the most points in it.

\*\*\* Reference the following site for the scoring breakdown of points based on ranking: <https://www.frontlinegaming.org/community/frontline-gamings-independent-tournament-circuit/>

\*\*\*\* Bonus points are determined by: 3pts for every game won up until the first loss, 1pt for every tie up until the first loss. Example: a player that wins game 1, ties game 2, loses game 3 would have 4pts total.
